Dear Parents and Guardians,

Keeping schools open and safe, staff and families have always been the priority of Manitoba Education's COVID-19 response team. Due to the third wave and rising COVID-19 cases associated in Manitoba, the office of the Deputy Minister of Education has put out additional measures, a proactive strategy to reduce further community/school transmissions.

Effective Thursday, May 13, all Kindergarten to Grade 8 students at HCS will move exclusively to Remote Learning until May 30, to coincide with public health orders. If students are symptomatic, school officials can require that they stay home for 10 days. The symptomatic student is encouraged to seek testing. Household members without symptoms should also self-isolate (quarantine) until the sick individual's test result is received.

The following additional measures will be in place during this time:

- In-school accommodation services will only be provided to all critical service workers and special needs students from Pre-Kindergarten to grade 6
- Before and After School Program services will only be provided to all critical service workers and special needs student from Pre-Kindergarten to grade 6
- All HCS staff will be in-school to provide remote learning and teach/assist all essential workers kids.

Thank you for your commitment and dedication to this challenge as we navigate this transition.

Sincerely,

Alexander Cap, B.Ed., M.Ed.,  
Principal, Holy Cross School
