

Weekly Update November 21-25

Manitoba Health has stated they are not planning to re-introduce mask mandate here, but is encouraging people, particularly children, to wear a mask. Health officials shared the following analogy. "Wearing a mask is like winter tires, it's a too to use until things calm down." We respect and support all family's decisions on mask use. To keep everyone healthy, students should stay home from school if they are sick, no matter how mild the symptoms.

Please ensure that you child is dressed for the weather. All students must have outdoor winter boots and inside shoes. Remember, there is no such thing as "bad" weather, just inappropriate clothing.
