RE: COMMUNITY LETTER FOR POSITIVE COVID-19 CASES IN OUR SCHOOL

One member of our school community has informed us that they have tested positive for COVID-19; at this time 8 other members have been identified as close (high risk) contacts. Public health officials have not yet completed their case investigation. An internal investigation has been conducted based on public health protocols for notification of cases in schools. All of the individuals identified as close contacts have been contacted and advised to self-isolate along with their household members.

If you have not received separate direction from the school or a public health official, we do not believe you/your child are a contact and nothing further is required at this time.

Out of an abundance of care and concern, effective Monday, April 26th, the whole school Grades Kindergarten to Grade 8 will be on remote learning for two days (the school will be temporarily closed for 2 days) until further direction from Public Health is available. Pre-Kindergarten and the school will be closed for those two days as well until further direction from Public Health is available.

****The school will only be open specifically for children in grades K-6 of Critical Service Workers for Monday and Tuesday****

Please note: We are not permitted to release the name or any identifying information about a self-identified or confirmed case of COVID-19 to any member of the school, community, or media.

We continue to work with public health officials and will provide more information as it becomes available.

Note: Due to the difficult circumstances, we advise you not to contact Holy Cross School as we will not be able to provide any further direction at this time due to the fact that public health officials have not yet completed their case investigation.

For more public health information about COVID-19, please visit <https://manitoba.ca/covid19/updates/resources.html>.

Sincerely,

Alexander Cap
Principal
